

## **NCRA Learning Activity Registration Policy**

Registration is a per-person registration. It entitles only the paid registrant to view and participate. This includes live webinars, virtual workshops, and all purchased training accessible through the Center for Cancer Registry Education (CCRE), including ODS Exam Prep education. Permitting others to watch live-streamed or recorded sessions, broadcasting or distributing the live-streamed webinars and virtual workshops, and/or recording or copying any portions of the live-streamed or recorded sessions, violates the terms of one's registration and infringes on NCRA copyright. Discounted group pricing is available for six registrants or more. Please email [ccre@ncra-usa.org](mailto:ccre@ncra-usa.org) for more information.
